## Anthony Wayne Primary Parents!!

Want to know what Anthony Wayne Local Schools is doing to attempt to address student conflicts at school?

We provide a wide range of services throughout the year at all of our primary buildings to address our students' social and emotional needs, but we have a special additional opportunity this fall. Thanks to AWAKE and The Spring Green Foundation we are able to offer special programming at all three of our primary buildings the week of September 12th. (AWAKE and Spring Green Foundation will be covering ALL costs for these special programs.)

Our guest speaker will be Joseph Savage from Soulshoppe. Soulshoppe is a nationally known organization based in San Francisco, California that promotes peacemaking skills in schools across the country. Soulshoppe presents lessons on peacemaking specially designed for primary school students. These programs are similar to Challenge Day programs that have been embraced in many high schools in our area.

Joseph will be presenting at Waterville Primary on Monday, September 12th. Joseph will speak to Whitehouse students on Tuesday, September 13th and he will meet with Monclova students on Wednesday, September 14th. (Kindergarten students not in attendance when Joseph is presenting at their school will be bussed to one of the other primary buildings.)

Want to know what Soulshoppe is all about? Want to know what skills will be addressed with our students? Want to know how you can help empower your child? Come to a FREE parent meeting Tuesday, September 13th at 7:00 pm at the Anthony Wayne High School Auditorium. This evening meeting is geared especially for parents, so student should not attend. Want to know more right now? Visit [www.soulshoppe.com](http://www.soulshoppe.com) for more information about this organization.

Your student(s) may encourage you to attend. Any parent that does attend the parent meeting will receive a special reward to take back home to your student. (Prizes will vary by building.) If you have any questions, please call your building.
