

What type of symmetry?	
Reproduction	
Nervous System	
Digestive System	
Circulatory System	
Muscular & Skeletal Systems	
Does it move? If so, how?	
Diet?	
Habitat?	
Meaning of word - <i>Porifera</i>?	
Interesting facts? (At least 2)	

What type of symmetry?	
Reproduction	
Nervous System	
Digestive System	
Circulatory System	
Muscular & Skeletal Systems	
Does it move? If so, how?	
Diet?	
Predators?	
Meaning of word - <i>Cnidaria</i>?	
Interesting facts? (At least 2)	

What type of symmetry?	
Reproduction	
Nervous System	
Digestive System	
Circulatory System	
Muscular & Skeletal Systems	
Examples of annelidas?	
How do earthworms move?	
Earthworm diet?	
Meaning of word - <i>annelida</i>?	
Interesting facts? (At least 2)	

What type of symmetry?	
Reproduction	
Nervous System	
Digestive System	
Circulatory System	
Muscular & Skeletal Systems	
Does it move? If so, how?	gastropods - bivalves - cephalopods -
Diet?	bivalves - cephalopods -
Examples of each group?	gastropods - bivalves - cephalopods -
Meaning of word - <i>mollusca</i>?	
Interesting facts? (At least 2)	

What type of symmetry?	
Reproduction	
Nervous System	
Digestive System	
Circulatory System	
Muscular & Skeletal Systems	
Examples of arthropods	insects - arachnids - crustaceans - myriapods -
Diet?	arachnids -
Meaning of word - <i>arthropod?</i>	
Body Plan?	arachnids - insects -
Interesting facts? (At least 2)	

What type of symmetry?	
Reproduction	
Nervous System	
Digestive System	
Circulatory System	
Muscular & Skeletal Systems	
Does it move? If so, how?	
Diet?	
Habitat? Examples of ...	
Meaning of word - <i>echinoderm?</i>	
Interesting facts? (At least 2)
